BREWING COMPANY

**710**™

**HAZY DOUBLE IPA**

**IF YA KNOW, YA KNOW!**

The Dankster declares that 710 is yet another dank reason to raise a toast to good vibes, free spirits, and the lifestyle we love. The Dank Tank is where our brewers go to play, and with no rhyme or reason other than to celebrate a mid-summer holiday, this pungent dankster's a new super aromatic brew that's well deserving of its name, er, number.

This hazy double-dry-hopped IPA is on another level of juicy with notes and aromas of mango, tropical fruit, and pine...but with a special blend of hop terpenes to enhance it for a freshest of fresh tasting brew that hits hard on the nose and finishes clean.
