

Attendance Raffle Incentive

As we move into the busiest time of the year, proper staffing is more critical than ever. It directly affects the volume we are able to pick and deliver each day. We have put together a raffle incentive program to encourage good attendance over the Summer.

This incentive and our continued work on support and staffing is all in an effort to reduce the stress and strain put on those that report to work every day.

Raffle Incentive periods:

- 1)** June 1 – June 30
- 2)** July 1 – July 31
- 3)** August 1 – September 9

Each day you report to work and complete your shift, you will earn an entry ticket.

Perfect attendance over each incentive period will result in five (5) extra tickets.

Approved days off will not disqualify you from receiving the 5 extra tickets. At the end of each week, you will fill out your entry tickets and submit to Operations. At the end of each incentive period, a raffle ticket will be pulled for each item and awarded.
