♥ Kramer Cares raised a total of \$653 for Go Red for Women in February! 45% percent of women 20 years and older are living with some form of cardiovascular disease. To raise awareness and help support women’s health, we collected donations for the Ripa Center for Women’s Health and Wellness in Voorhees! Thank you to all who participated, we are looking forward to #KramerGoesRed in 2024!

Congratulations to the Kramer Team for raising \$653 for Go Red! Click the image to share on your own Facebook page.
