Operations Department

- Front office landscaping refresh has been completed.
- Halfway done with refrigeration replacement in the cold box. Crane will be on-site next week.
- We are now able to QC picked pallets within the eoWarehouse system for better picking accuracy.
- Our summer warehouse schedule will start 5/8/23. Transitioning day picking shift from 4 – 10 hours days to 5 - 8-hour days, also adding additional forklift drivers, and order selector to day shift. We are also currently hiring additional order selectors for our evening picking shift.
