

Team,

I wanted to take a moment to acknowledge and recognize that May 1st is the anniversary of the acquisition of Warren South and Hub City. That is 6 years ago today! That period of time was both the most exhilarating and exhausting experience of my career at Kramer Beverage and many of you might feel the same. It is amazing to think how much we have accomplished together and how much runway is still in front of us. We are off to a strong start thru 4 months of the year and we have some great momentum as we head into our summer selling season. We continue to embody the Fundamental that We're a team and we depend on each other for success. None of this is possible with everyone working together.

Let's celebrate our success together on May 11th at the MolsonCoors President's Award & Service Awards BBQ. See you outside of Operations!

Many thanks,

Mark
