

Good afternoon,

**Kramer Beverage is offering all employees (Union/Non-Union) a Flu Shot and updated Covid-19 Booster Shot clinic.**

This is being provided to help get vaccinated less of a burden and keep everyone healthy!

**October 12<sup>th</sup> 4pm to 5pm and October 13<sup>th</sup> 7am to 9am**  
**Location: Kramer Beverage Operations**

Everyone will be asked for their private insurance coverage, **this vaccine is free to you through your insurance, bring card with you the day of clinic as well.**  
If you are not insured, please email me.

**Keep your eyes open:** I will be sending a Survey Monkey survey soon; you **please** provide insurance/prior vaccine information on the Survey Monkey survey to have everything ready for you on the day of the clinic.

Flu season is approaching us fast and reports say we may see a bit more snow this year, don't be stuck at home wishing you had the vaccination ...

**Georgette Ruocco**
